Partner Training and Certification Program

OneSumX for Basel 2024

May 2024

Wolters Kluwer

CRR III, Basel IV (EU), Basel 3.1 (UK)

On April 25, 2024, the European Parliament approved the final texts of CRD VI and CRR III

📅 Next steps: The Council of the EU will formally adopt these texts, followed by their publication in the Official Journal of the EU. The provisions of CRR III will be effective from January 1, 2025 (with some exceptions).

⏳ EU Banks will need to report from Q1 2025

Banks are confronted with managing uncertainty, increasing regulatory demands while getting ready for CRDVI.

Short term Compliance need

CRDVI

- Adapt processes, systems and controls to adhere with CRDVI/CRRIII
- Regulation due from 1st of Jan 2025
- Regulations are not final and could still change
- In parallel comply with new regulatory requirements & changes that apply before CRDVI/CRRIII such as IRRBB

Medium term

Regulatory pressure

- Regulatory change is more frequent
- Regulatory requirements are becoming more granular and more complex
- A bank needs to be flexible so that can comply with requirements when they become due
- Banks should be able to explain what is happening within their regulatory workflow

All the time

Managing uncertainty

- More stress on the banks business as conequence of market uncertainty
- Emphasis on crisis management in the playbook of a bank
- Respond to increasingly more ad hoc requests from the regulator
- Request to do (regulatory) stress testing more often

Banks are confronted with managing uncertainty, increasing regulatory demands while getting ready for CRDVI.

Short term Compliance need

CRDVI

Medium term

Regulatory pressure

All the time

Managing uncertainty

OneSumX

To deal with these challenges, we have invested a OneSumX application delivering CRDVI as well as being ready for the future

- Bringing our known regulatory expertise faster to you in an accurate way.
- Improved regulatory workflow management
- Improved user experience proving more transparency
- Cloud-native support & easier deployment

Partner Ecosystem

- Wolter Kluwer FRR offers a Certified Implementation Partner Program to enable our key partners to deliver Basel IV compliance on our new OneSumX for Basel platform
- This is an exclusive Partner Program with key Partner personnel vetted for their experience and expertise before being enrolled in the Program
- The program consists of rigorous virtual instructor-led training followed by evaluation and certification
- Partner personnel successfully completing the program would earn the OneSumX for Basel | Wolters Kluwer Certificate of Completion.

OneSumX for Basel **Partner Academy**

June- July	<u>Virtual Instructor-Led Academy Training:</u> • 10 days of Technical Hands-On Training – technical consultants • 4.5 days of Functional Training – functional consultants • 0.5 days - PM recommendations for a successful OneSumX implementation •Evaluation and Certification.
Sep-Dec	Continued Q3-Q4 partner enablement based on schedule of new releases: • Liquidity TBC • Updates COREP & FINREP TBC Includes including virtual-led training sessions, self-paced recordings and Q&A sessions

Proposed Curricula 2024

Technical & Functional Training Curricula – OneSumX for Basel

Introduction to the OneSumX for Basel solution
Orientation and context session

Technical Consultant Training

Installation:

1. OneSumX platform design Docker Compose
2. OneSumX platform design Kubernetes
3. Setup preparation
4. Setup OneSumX platform with Docker Compose
5. Setup OneSumX platform with Kubernetes
6. Database/schema/workspace deployment options
7. SSO with OneSumX platform

Administration:

8. Security management
9. Creating and upgrading workspaces
10. Configuring Regulatory Analytics
11. Troubleshooting

Interfacing:

12. Data Foundation
13. Risk DB
14. FDM (the new Financial Data Model)

Business Consultant Training

Platform Training:

15. Regulatory Engine
16. Regulatory Analytics

Interfacing:

17. Data Foundation
18. FDM

Specific reports and calculators:

19. COREP – to be continued Q3/Q4 2024
20. FINREP – to be continued Q3/Q4 2024
21. LIQREP (Q3/Q4 2024 TBC)
22. Training on Reporting templates using regulatory context for allocation, running and analyzing validation, preparing XBRL delivery

PM Training

23. Recommendations for a successful OneSumX implementation (Wolters Kluwer Project Management Framework)

September – December 2024

Functional training

- Continued Q3-Q4 partner enablement based on schedule of new releases:
  - Liquidity TBC
  - Updates COREP & FINREP TBC

- Including virtual-led training sessions, self-paced recordings and Q&A sessions

Detailed agenda for Sep-Dec 2024 partner training sessions is currently work in progress and will be confirmed.

Prerequisites

Partner Prerequisites

Trainee profile confirmation:

- Skills matrix and resume prior to Academy enrolment

Trainee OneSumX Knowledge

- knowledge of the current regulatory reporting solution and risk management solution is desirable – self-paced learning pathways available prior OneSumX for Basel Academy (functional, self-paced, 2-3 days)

Access to Environment for Technical Training:

- Access to environment – technical sessions
    - Partner environment – license & technical prerequisites
    - or WK training environment

Partner Certification - Commercials

- Partner to commit to people and training in Q2 2024
- Training is priced at EUR 550 per partner trainee per training day (~6 hours per day)
- WK will not pay for the time spent on training by Partners
- WK will not charge upfront for the training*
- The cost of training to be adjusted via the sub-contracting fees payable by WK when Partner personnel are contracted, this way Partner pays for training as they start to see revenue from WK
- A training Work Order will need to be signed before the training start date

**commercials are valid for exclusive partners (by invitation only). May not apply to the broader partner community*
